- 6. We understand that not all vendors will feel their products sell well with this market, and we encourage you to find a market that better suits your needs. We will not offer refunds if there are no sales or if foot traffic is light. We all must do our part in advertising our market and FAMO is an established market in the community.**
- 7. The market strives to have a varied and interesting market blend. With that in mind, we may have several bakers, jewelry makers, and body/beauty product vendors, etc. Keep your products unique and different from everyone else and start your own following. Friendly/professional competition is a good thing.**
- 8. In 2026 we will enforce the rule of the Farmers & Artisan's markets: 80% of the vendor products must be made by the vendor, grown by the vendor etc. There will no longer be re-selling of items purchased elsewhere as the main course of business. These types of vendors do exceedingly well at Flea markets and are encouraged to go to those markets instead.**
- 9. The only non-Farmers/Artisans type of vendors will be our sponsors who support our market, i.e. LeafFilters, etc. and Stray Rescue.**

We appreciate your compliance and understanding and look forward to a GREAT 2026 with you!
